

We're Banneker, a world-class integrated logistics and supply chain management solutions provider. We address every step along your supply chain continuum, from procurement to distribution.

Our product neutral kitting services are a critical step in streamlining your manufacturing line to increase efficiency in process, lead-time, and total SKUs in inventory. We provide optimal flexibility with respect to product type, complexity, quantity, end-user, distribution and assembly/sub-assembly.

Our kitting services deliver:

- Accelerated ROI
- Efficiency and JIT
- Enhanced productivity
- Simplicity and flexibility

Our kitting service includes:

- Automated Order Management
- Dedicated Customer Support
- Quality Assurance
- Break Bulk
- Custom Labeling
- KanBan
- Bin Replenishment

Our kitting service pulls from inventory all the parts needed for a particular assembly and issues the right number of kits to your manufacturing line Just in Time (JIT). This versatile, commodity-neutral service addresses your changing needs by delivering stock (mass-produced) and on-demand custom kits when you need them.

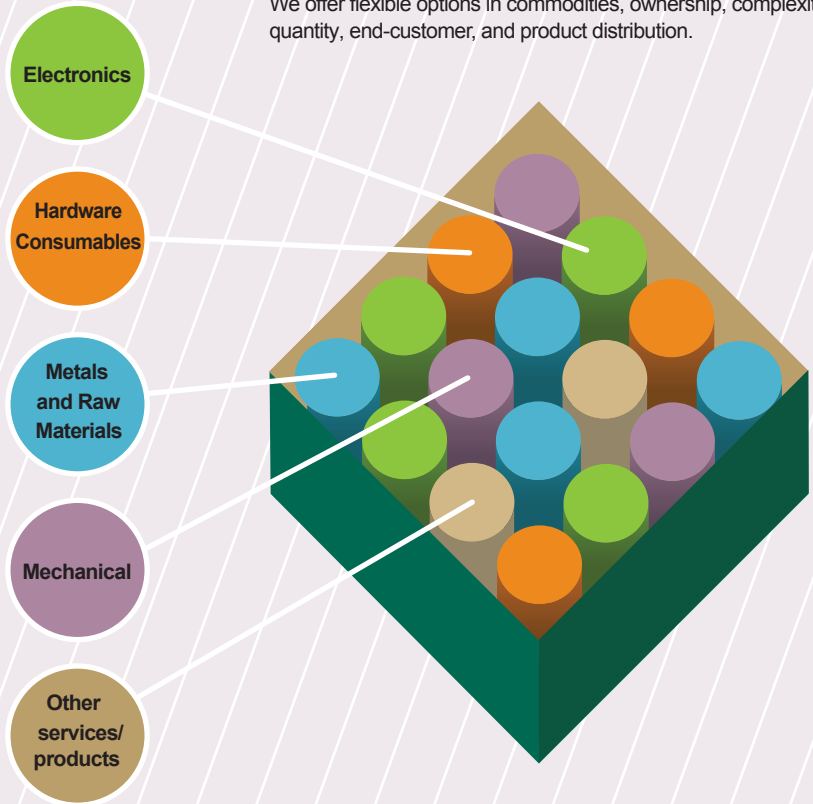

Streamline your operation with kitting.

Our kitting services bring many benefits to your business including smoother assembly and manufacturing, increased productivity, fewer errors, greater efficiency, and a positive impact on your bottom line.

With over 25 years of integrated logistics and supply chain management experience, vast expertise, and unmatched technological sophistication, it's no wonder clients in industries as diverse as aerospace and defense, manufacturing, retail, and government choose Banneker for kitting services and so much more.
